## **'THE JOY OF LIVING' (GIOIA DI VIVERE) ASSOCIATION**

This association is a non-profit organization (O.N.L.U.S.) founded to support and offer 'joy of living' to poor children from Ruminawui district of San Domingo de los Colorados in Ecuador. The poverty in this area is clearly visible: the unemployment is extremely high, people are underpaid, there are lots of children and some of them are forced to work. A good proportion of children live on the streets, walk bare foot in the dirt and quite often are not even dressed. The sanitary situation, especially on the outskirts is dramatic. Very few children go to school and a lot of them take drugs. The lack of food leads to illnesses and growth problems. Bertolini SpA supports 'The Joy of Living' and invites you to visit the association website below.
